

MiniMines CRM

Comprehensive Master Manual - All Modules

1. Introduction

Welcome to the complete MiniMines CRM. This system manages the end-to-end pipeline covering Lead Generation, Business Development, Quotation Approvals, Operations, and Export Logistics. The platform implements Soft Row-Level Security (RLS) to ensure users only see data relevant to their specific role.

2. Pre-Sales: Enquiries & Leads

2.1 Enquiries Dashboard

Captures initial inbound interest before it is fully qualified as a lead.

3. Sales & BD: Opportunities to Orders

3.1 Opportunity Pipeline

Once a Lead is qualified, it becomes an Opportunity. This initiates active negotiations via the Kanban board (Requirements → Negotiation → Won).
